

# DOOR ACCESS SYSTEMS

The **TCS** engineers are experts in installing **Door Access** and **Security Systems**. Keeping your contents, staff and building safe and secure has never been more important.

Door Access Systems can be used within commercial and residential buildings to protect contents and the added security measures can make business management easier and more manageable. Other benefits include:

- Lowered Insurance Costs
- Anti-Pass Back
- Security Notifications
- Visitor Maintenance
- Activity Reports
- User Attendance and Tracking
- Triggers and Actions
- Alarm and Fire Integration, Building Management and Automation
- Stops Unverified Access
- Biometrics and Video Calling

With various options and software systems that can operate 1000 doors and 50,000 fobs, Door Access Systems from TCS is the only clear choice for your building security.
