

DATA CENTRE

Data centres are a **key component** in ensuring modern businesses run effectively and despite the large scale move to the cloud, there remains a need for in-house systems. TCS can design and implement your data centre, whilst taking into account these factors:

- TV: RG-6
- HDTV: RG-11
- Internet: RG-6
- CCTV: RG-59
- Video: RG-6

Coaxial has several advantages, compared with twisted pair cables, such as:

- Lower Cost
- Ease of Installation
- Ease of Expansion
- High Transmission Speed
- Durable

For more information on Data Centres for your business, our team of networking professionals are always on hand to offer support and advice
